Equine Aqua Therapy Systems by Waterjet Pools

The internationally patented state of the art AquaTrainer™ is the new proven way to improve the fitness and performance of the racehorse with the minimum amount of stress on your valuable investment. The AquaTrainer™ improves the recovery time and facilitates a quicker turn around after injury or surgery.

- Six and four horse walkers with dual direction and variable speed
- Rubber baffles and overflow flume system to eliminate whirlpool
- Fresh water with copper and silver ionisation sanitising system
- eliminating environmental issues
- Non-slip rubber floor with 5 year warranty
- Two stage filtration system with solids separation and Eco Clear to guarantee water quality and clarity

Total stable and complex design and construct, dry walkers and rubber also available.
